Granite State Gas Transmission, Inc.; Notice of Proposed Changes in FERC Gas Tariff

September 2, 1999.

Take notice that on August 30, 1999, Granite State Gas Transmission, Inc. (Granite State) tendered for filing as part of its FERC Gas Tariff, Third Revised Volume No. 1, the revised tariff sheets listed below for effectiveness on October 1, 1999.

Twenty-First Revised Sheet No. 21

Twenty-Second Revised Sheet No. 22

According to Granite State, the foregoing tariff sheets propose a revised Power Cost Adjustment (PCA) surcharge applicable to its firm transportation services during the third quarter of 1999 to reimburse Granite State for certain electric power costs that it is obligated to pay Portland Pipe Line Corporation pursuant to the terms of a lease of a pipeline from Portland Pipe Line.

Granite State further states that the total surcharge of \$0.5238 consists of the sum of two components: the Quarterly Forecast PCA factor of \$0.0000 which is based on projected incremental electric power costs to be billed to Granite State during the third quarter of 1999 and the Reconcilable PCA factor of \$0.5238 which reconciles the accumulated over/under past surcharge collections in the

Deferred Account on a quarterly basis. The method for developing the surcharge in the foregoing manner was approved by the Commission in orders issued in Docket Nos. RP98-155-003, *et al.* and TM98-4-4-000, *et al.*, according to Granite State.

Granite State further states that copies of its filing have been served on its firm and interruptible customers and on the regulatory agencies of the states of Maine, Massachusetts and New Hampshire.
